

## Look into this matter of building with Brick

Get away from the matter of first cost if you are building your own home.

Look ahead into the years when the painting of a frame house becomes a regular necessity, when repairs simply must be made, when wood begins to rot and decay, when studding begins to warp. Then imagine how a brick house really improves with age, how its impervious walls resist the cold winter blasts, the rigors of sun and rain, the tear of all elements.

If you want a HOME—build it yourself. But find out about Brick.

## PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 25¢ package of the new golden chemical P. D. Q. (Pesky Devil's Quinine) is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be, where they came from, their age, color or sex, and at the same time leaves a cooling on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 25¢ package makes a quart of P. D. Q. and will go farther than a

barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe. KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog. KILLS CHICKEN LICE. No use for your chickens to have lice. A 25¢ package mixed makes a gallon of chicken lice killer.

Sold by Geo. W. Stansfield and Tully-McFarland Drug Co.—Adv.

## Two Registered Pharmacists Check Each Prescription

That means your physician's orders followed to the letter. No matter how simple the prescription, it's an iron rule at Stansfield's that one pharmacist must check it over with another. That means "safety first" in all prescriptions.

## How To Banish Wrinkles Quickly

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered salicylic acid in a half pint of water. Wash your face with this, and presto!—you look into your mirror and behold the marvelous transformation!

The remarkable astringent action of the salicylic acid tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary, for the lotion also has a beautiful tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for awhile it cannot injure the most delicate skin, the treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.—Adv.

## CARRIERS COMING

Half a Thousand Rural Route Men Are Expected.

State Association to Meet in Topeka July 19-20.

Senator Charles Curtis, Mayor J. E. House, Postmaster W. O. Rigby and LeRoy Powell, superintendent of mails, are names which will appear on the program of the Kansas State Association of Rural Mail Carriers at the annual convention of the organization to be held in Topeka, Monday and Tuesday, July 19-20.

Plans are being made for 500 or more delegates to the convention. The mail carriers will meet both days of the convention in Representative hall at the state house. In addition to those named on the program, efforts are being made to obtain the representative of the department at Washington. The name of Senator Thompson of Kansas also appears on the program. However, as the senator recently underwent an operation, it is doubtful as to whether or not he will be able to appear.

Mayor House will deliver the address of welcome to the carriers Monday morning. Powell's address will be on the "Betterment of the Service." Numerous discussions of the problems of the machinery of the service will be included on the program. The Kansas Association of Rural Mail Carriers is one of the strongest in the country. In the United States there are 40,000 rural carriers.

Of this number 1,800 are in Kansas. W. R. Powell of Coliel is president of the organization and E. L. Smith of Manhattan is secretary-treasurer.

## CRAZED BY RELIGION.

Noted Physician Says Revivals and Campmeetings Produce Insanity.

Chicago, Ill., July 13.—Alcohol in its relation to insanity was among subjects discussed today at a conference of alienists and neurologists held under the direction of the Chicago Medical society. The conference, which is attended by sanity specialists from all parts of the country, will continue over Friday.

Religious revivals, especially evangelistic and campmeetings produce a form of insanity among women, according to Dr. Susan A. Price of Williamsburg, Va., who addressed the conference. Young women were especially susceptible to forms of religious dementia, she said.

"It is one of the worst forms of insanity with which alienists and neurologists have to cope," Dr. Price said. "The young woman is susceptible to insanity as a result of attending evangelistic meetings. She is in her community, reserved, modest and retiring, active in church work, she suddenly becomes careless, loud voiced, bold, vulgar and frequently a menace to the community."

"This is one of the phases of mental unbalance which has not been solved. The patient is taken to a sanatorium for treatment, frequently the entire family becomes unbalanced by the girl's misfortune. If she recovers the family usually becomes unbalanced."

Alcoholism produces one of the most dangerous forms of insanity and the alcoholic patient is one of the most dangerous. Dr. C. Gill, Chairman J. E. House, State Hospital for Insane told the delegates.

## SHRINERS IN SEATTLE

In Gorgeous Array Imperial Potentate Opens.

Seattle, Wash., July 13.—In gorgeous array of barbaric splendor, with more than 100 highly trained bands and well drilled patrolling companies, all garbed in uniforms of brilliant oriental design, the imperial potentate of the Shrine order today was escorted through the streets of Seattle to the Moore theater to open the forty-first annual session of the organization.

The council was officially opened by Potentate Stewart of Nile Temple, Seattle. Addresses bidding the nobles warm welcome to the state and city were made by Governor Lister, Mayor Hiram C. Gill, Chairman J. E. House, and Judge Thomas Burke, and were responded to in fitting manner by the imperial potentate, Dr. Frederick R. Smith.

The day will close with three mammoth balls, all taking place at the same time on different floors. The immediate council delegates and their wives at the Hippodrome; the members of the bands and patrols and their wives at the Armory, and the rank and file of the order on the new Bell street dock. Here the upper and lower floors will be used, with room for 2,000 dancers at the same time.

## TWO FROM JEWELL.

Congressional Candidates Are Making Their Appearance in the Sixth.

Mankato, Kan., July 13.—Jewell county may contribute two candidates to the Republican congressional campaign. Friends of F. W. Bevington, of Jewell, and Emmet D. George, of Mankato, have both been mentioned as congressional possibilities in the Sixth district.

Bevington is a farmer and stockman. He was formerly a member of the legislature from Jewell county and was several times chairman of the Republican county committee. He managed the I. D. Young congressional campaign in 1912 when Young was beaten by John R. Connelly.

George is editor of the Mankato Monitor and was for a number of years prominent in educational work in the state.

## CUT OFF HER ALIMONY

Judge Whitcomb Also Took Woman's Child From Her.

Instead of requiring Charles Evendoff to continue paying \$4 a week alimony to his divorced wife, Judge George H. Whitcomb revoked his former order adjudging her that payment when it developed in court that she has married another man. Evendoff found out that the second marriage a few weeks ago and cut down his payments to \$2 a week.

The former Mrs. Evendoff, now Maed Billings, had him haled into court and was grieved to find the court unsympathetic. Judge Whitcomb not only cut off her alimony but took her child away and placed it in the hands of its father's sister.

## BREAKS RECORD FOR RUNNING HIGH JUMP

Joe Loomis setting new mark.

Joe Loomis, Chicago Athletic association, broke the running high jump record at the Central A. A. U. senior championship meet at Stagg field, Chicago, setting a mark of 6 feet 3 3/4 inches. He also tied the former record of 9.45 seconds for the 100-yard dash.

## NEW SCHOOL LAW.

State Board Is Preparing to Put It in Operation.

Plans for placing in operation the new certification law are being worked out by the state board of education. The new law becomes effective September 1 and affects thousands of Kansas teachers.

Since the passage of the new certification law by the 1915 legislature, hundreds of letters have been sent to members of the board inquiring about certificates issued under the old law. The teachers want to know if their certificates are annulled by the new law. The board has replied in the negative.

Because of the lack of uniformity in the granting of certificates by various state schools, the new law was enacted. Certain schools, under the old law, had granted life certificates upon completion of a two year course, while other schools gave four year certificates. The new law provides for elementary certificates when a four year course has been completed and two years work taken in one of the state normals or colleges. High school certificates will be issued only upon completion of a four year high school course and a four year college course. The state board has the power to issue special certificates to teach domestic science, agriculture, manual training, commerce and similar subjects in the high schools.

## LAW IS OVERLOOKED.

District Attorney Calls Newspaper's Attention to "Adv." Statute.

A law that is overlooked by numerous country newspapers in Kansas is the federal statute requiring that paid reading notices in the news columns of newspapers must be marked "advertisement," according to a statement made today by Fred Robertson, United States district attorney.

From time to time federal officials have noticed that the statute is commonly violated—evidently an oversight or because the editor is unfamiliar with the statute which is comparatively new.

"I am convinced," said the district attorney, "that the editors are not willfully violating the statute. The law is a conventional one, but, nevertheless a law to be recognized. The penalty of violation of the statute is a minimum fine of \$50 and a maximum fine of \$500."

## TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple surpax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety.

This lotion is made by dissolving four ounces of surpax in one-half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluidness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Adv.

## TO ARREST 38 OLEO MEN

Missouri Inspector Digs Up Forgotten Law in State Crusade.

St. Louis, Mo., July 13.—A state-wide crusade against the sale of colored oleomargarine in Missouri was launched here today when E. H. Frick, state food inspector, dug up a forgotten statute and upon it applied to the local prosecuting attorney for warrants against thirty-eight St. Louis dealers. The state law which Mr. Frick cited prohibits the sale or manufacture of colored oleomargarine except for export. It does not, however, forbid the sale of the uncolored product.

Prosecuting Attorney Sidener said he had never heard of this law, but immediately began an investigation. If he finds the statute reads as has been reported to him, Mr. Sidener said, he will issue the warrants asked for.

A recent campaign against illicit manufacturers of oleomargarine in St. Louis, under a federal law resulted in a conviction of more than thirty men, each of whom was fined heavily and sentenced to the penitentiary for terms ranging from one to three years.

## COOL WEATHER ON WAY

Washington Predicts Scattered Showers for Plains States.

Washington, July 13.—Weather predictions for the week beginning tomorrow issued by the weather bureau today included:

West Gulf States—Fair and warm during next several days, probably followed by showery conditions after July 17.

Great Lakes Region—Considerably cooler weather about July 17, preceded by showers and followed by fair weather.

Plains States and Upper Mississippi Valley—Scattered thunder showers and moderately warm weather during the next two days, followed by considerably cooler weather July 16 and 17. Fair weather thereafter.

Rocky Mountain and Plateau Regions—Widely scattered thunder showers are probable the greater portion of the week, with temperatures considerably below normal in northern sections.

## SANTA FE G. O.'S WON

Strong Topeka Team Defeated Dodge City by 10 to 4 Score.

The Santa Fe General Office team put another game on ice Sunday when they defeated Dodge City, Kan., and beat the Dodge team 10 to 4. Wright for the railroaders struck out ten men in the first five innings. After the G. O. team had obtained a good lead, Wright eased up and Dodge City scored a couple.

The General Office team will leave the latter part of this month for a series of games in Missouri. They will play the Kansas City Schmelzers at Linneus, Mo., then play at Leavenworth, Kan., and finish up at Marceline, Mo.

Sunday's batteries—For Santa Fe, Wright and Kistner; for Dodge City, Burwick and Jones. Struck out—By Wright, 15; by Burwick, 3.

## S. & D. OF J. SOCIAL.

to have been given by Sons and Daughters of Justice at the home of M. E. Lobach has been postponed until one week from tonight. Regular meeting will be held at the hall tonight after which there will be a good social time for all members.

Elks Grand Reunion Opens. Los Angeles, Cal., July 13.—The Elks Grand Lodge was officially opened today. Visiting Elks and their families were entertained by the citizens of Santa Monica, Venice and Ocean Park, popular beach resorts. At noon there was a fish barbecue and clam bake at the Elks club house on the water front.

Notice No. 269 A. O. U. W. The funeral of Brother James M. Snyder will be held at Penwell's Chapel Wednesday afternoon at 2:30 o'clock. All members are requested to attend.

## Washburn College, Topeka, Kan. For Fifty Years

The growth of Washburn College has paralleled that of Kansas. In that period Kansas has come from infancy into splendid manhood—first in corn, first in wheat, first in ideals, first in the will to achieve and first in its choice young men and women looking eagerly forward to their day of power—the next half century.

In that same period Washburn College has grown from its infancy into an institution of first rank in the southwest. It has a choice location, a choice campus, equipped with substantial buildings and has eight hundred of these choice young men and women of Kansas for its student body.

Washburn starts on the next half century with a splendid forward movement. A plan to increase the endowment by \$500,000 has been inaugurated and is well under way. A new President has been chosen full of enthusiasm for the future. Scores of young men and women are planning to enter the College in September. Will you join them and get ready to take your part in the next great forward movement of our state and country?

Full information in regard to courses and terms on request.
